## **Berkley Design Professional's BDP Risk® Learning Management System Wins Gold in 2024 Brandon Hall Group Excellence Awards**

Monterey, Calif., October 28, 2024 – The BDP Risk® Learning Management System (LMS) from Berkley Design Professional, a division of Berkley Alliance Managers, a Berkley Company, has won a Brandon Hall Group Excellence Award for Learning for the sixth consecutive year. This year's Gold Award for "Best Custom Content" recognizes Berkley Design Professional for the launch of its successful Online Broker Academy, a training platform for both new and seasoned brokers.

This highly coveted honor, which recognizes self-paced, custom-designed online courses related to workplace learning, marks the seventh Brandon Hall Group Excellence Award for the BDP Risk® Learning Management System (LMS) and the first for the Online Broker Academy.

"Our new Online Broker Academy, offered through the BDP Risk® Learning Management System, provides an easily accessible training platform to educate brokers about Berkley Design Professional and the A&E industry. From educational materials about our products and services to tools to help onboard new A&E professional liability brokers, the Online Broker Academy has created an increase in agency staff engagement," said Candelario Lopez, Learning Management Team Lead, Berkley Design Professional.

"Broker feedback tells us that they value these resources, and as a result, we are continually adding new content on the topics of underwriting, claims, risk management and BDP Risk® to meet their training needs," continued Lopez.

In just the first six months of the Online Broker Academy, more than 35% of brokers who were new to Berkley Design Professional's BDP Risk Learning Management System viewed at least one learning resource.

The Online Broker Academy/BDP Risk® award entry was sponsored by LMS software provider, Docebo, which also shares the honor. Now in its 30th year, the Brandon Hall Group Excellence Award is among the most prestigious awards offered within the human capital and corporate/institutional learning industry.
